ROCK'N ROLL ROAD MOVIE

# **DOG'Y'DOG<sup>®</sup>**

## **BONESTORY**

### **Synopsis**

**'Dog'y'Dog' is the humorously weird and wonderfully heartfelt story of a teenaged dog who wants nothing more than to be considered among the best rock'n'roll guitarists of all time: Jimmy Page, Jimi Hendrix, Eddie Van Halen...and Dog'y! But Dog'y's dreams are put on hold when his father, the famous Dogynaut Fernando, goes missing on his latest mission to the moon. Fernando's capsule has crash landed somewhere between Canada and Mexico.**

**Dog'y, together with his science teacher Professor Bonehead (a walking, talking skeleton!) and a fast talking ex-con parrot named Poncho, set off on a mission to find Dog'y's missing father. Traveling in a homemade rocket built by Professor Bonehead, Dog'y and his companions embark on a rock'n'roll odyssey that takes them all the way from the Arctic Circle deep into the heart of Mexico, where they witness Dia de los Muertos (Day of the Dead).**

**They have a series of adventures (and mis-adventures) that includes stopovers in Las Vegas, a desert roadhouse blues bar (the 'House of Pigs'), Area 51 and Niagara Falls. Along the way, they encounter a diverse and weird assortment of characters that include Elvis Gorilla, The Rolling Bones, robots, a motorcycle gang of razorback hogs, jack-a-lopes and UFOs!**

**In New Mexico, Dog'y falls head over paws for wanna-be singer Jenny Dog. He rescues her from her nowhere job as barmaid at the 'House of Pigs', promising to help her get home to her family in Mexico. In return, Jenny guides Dog'y and his companions to an island in the middle of Lake Patzcuaro where Dog'y hopes to be reunited with Fernando during the Day of the Dead celebration.**

**Making life miserable for Dog'y and his companions along their journey are the Bonehunters, a trio of Tazmanian Devil brothers intent on recovering a 'magic mammoth bone' that Dog'y has in his possession, a clue left for him by his father before his ill-fated mission. The story culminates in a wild and crazy trip to the moon where Dog'y and his companions help Fernando complete his mission to save Doggykind.**

**In the end, Dog'y saves the world, gets the girl...and lives his dream of rocking sold-out Madison Square Garden with his Fender Stratocaster!**

# Characters

## Dog'Y' Dog

Our teenaged hero. A doggie with big dreams of becoming a rock'n'roll guitar legend. Dog'y embarks on a mission to find his father when Fernando's space capsule goes missing. Along the way he will discover love, friendship, adventure...and his true purpose.

## Fernando

The famous, brave and charismatic Dogynaut. Fernando wants Dog'y to follow in his footsteps and become a Dogynaut. But Dog'y has other ideas...

## Rosa

Dog'y's Mexican mother. A hot blooded Latina who loves her family.

## Jenny

A tough but pretty waitress with a good heart, who's suffered a string of bad luck. She has a beautiful singing voice and Dog'y revives her dreams of becoming a professional singer while helping Jenny get home to her family in Mexico.

## Professor Bonehead

A brilliant science teacher, mechanic and builder of the Refer-Rocket who just happens to be a walking talking skeleton.

## Poncho

A wise-cracking "old school" ex-con parrot who learns the true meaning of friendship.

# Characters

## Bonehunters

3 Tazmanian Devil brothers who will do anything to get their claws on bones, especially the magic mammoth bone (they believe that eating it will make them immortal).

## Elvis Gorilla

The famous Las Vegas singer who has spawned countless imitators.

## MC Hoggs

A bad ass biker gang of pigs who morph into scary-looking razorback hogs during the full moon.

## THE ROLLING BONES

The famous jack-a-lope riding rock'n' roll band of skeletons.

## Catz'Y'Cat

A huge mythical jaguar who lives in the Mexican rainforest. Uses ancient remedies to nurse Fernando back to health.

## BONESTORY

DAN ST. PIERRE  
Consulting Director

For over 15 years, Daniel St. Pierre supervised design for many Disney's blockbuster films such as "The Lion King", "The Hunchback Of Notre Dame" and ultimately Art Directed "Tarzan", which garnered the Academy Award in Science and Technology for its "Deep Canvas" process. It also honored Daniel with an Annie Award for Art Direction.

Mr. St. Pierre supervised motion picture visual development at Dreamworks Animation and was the Production Designer on the hit film "Shark Tale". Daniel's directing debut was Christopher Reeve's "Everyone's Hero". He has also directed "Quantum Quest - A Cassini Space Odyssey" and "Legend's of Oz - Dorothy's Return".

TAB MURPHY  
Screenplay

Tab Murphy's major breakthrough came with a writing credit on "Gorillas in the Mist", for which he received an Academy Award nomination. He spent nearly ten years in the Disney Machine, writing such feature length animated movies as "The Hunchback of Notre Dame", "Tarzan", "Atlantis: the Lost Empire" and "Brother Bear".

Tab has also written several Warner Bros DC animated screenplays, including "Green Arrow", "Batman/Superman: Apocalypse" and "Batman: Year One", based on the Frank Miller graphic novel.
